Miss Patterson,

The President's Office,

University of Toronto.

Dear Miss Patterson:-

The letter I wrote to Mr. Hopkins regarding the glasses I bought from him was written in Sept. 1911 with no thought of its being used for advertising in any way connected with the University. I have seen Mr. Hopkins and he has promised to recall all his advertisements that he can and to discontinue the use of the letter at once.

I enclose his letter to me to this effect.

Yours very sincerely,

J. B. Burbank
